Hear Ye, Hear Ye!

Lords and ladies, at long last, your wait has come to an end. The noble king and queen of these lands have seen fit to provide their loyal subjects with a host of exciting new baubles and trinkets. But what sort of treasure, you may ask, have our rulers unearthed? The answer is sure to delight everyone, especially the children of our fair kingdom.

We are proud to introduce the Castle Series, a line of all-in-one play structures designed for the intrepid, creative-minded youth of today. Contrasted with typical commercial play structures, each addition to the Castle Series bears striking resemblance to the stone-laden fortresses of yore. Like any good castle, each of these structures includes myriad exciting features, from slides, to climbers, to medieval-themed activity panels.

In their infinite wisdom and generosity, they have turned the tables, granting the children of these lands a chance to become the kings and queens of their own castles.

Whether they wish to brave the twists and turns of Mystic Ruins, sojourn to the mystical Avalon Island, or discover the secrets of Merlin's Magic, there will be no shortage of thrills for children with adventurous hearts and creative imaginations.

On whatever playground they reside, the flag-adorned towers of castle structures will serve as beacons of fun-filled adventure. The children of our fair kingdom deserve only the best, and with the Castle Series, they can embark on adventure after adventure while envisioning themselves as mythical heroes of old. With a wide selection of castle structures to choose from, the wise lords and ladies of the land will have little trouble finding the right castle for their little ones.

TABLE OF CONTENTS

A Better Way to Play

At PlaygroundEquipment.com, we're no strangers to creative avenues of play. From treehouse-themed play structures to out-of-this-world net climbers, we're always finding new ways to foster imaginative playground fun. With our Castle Series play structures, we decided to take a page from the real-world castles of old, allowing children to envision themselves as the kings and queens of their own mighty fortresses.

The flag-adorned towers of Castle Series structures make them a conspicuous sight on playgrounds big and small, and the medieval-themed activity panels and climbers contained within provide ample opportunity for fun. Castle Series play structures are characterized not just by their distinctive appearance, but by the sheer amount of activities they bring to the playground.

CASTLE COMPONENTS

Activity Panels

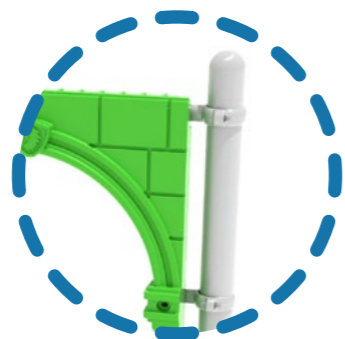

Some of our best-selling activity panels have been reimagined for the Castle Series. This iconic brick molding elevates the accessories and aligns with the highly themed play systems. You will find each panel in three varieties: Deck, Ground and Round. We also created some new, one-of-a-kind castle-themed panels for a truly Medieval moment on the playground.

Roofs and Climbers

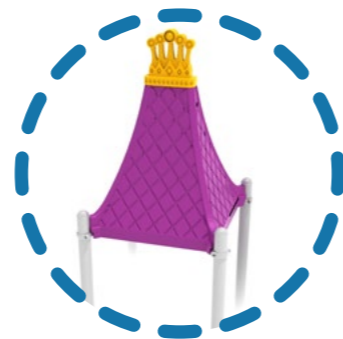

Castle Series play structures are characterized by several unique features, like the roofs adorned with crowns and flags. And in addition to the classic climbers, we introduced the Draw Bridge Climber and Castle Rock Wall Climber to challenge children who are fleet of foot and courageous of heart.

Warranty

PlaygroundEquipment.com Warranty

This warranty is for PlaygroundEquipment.com (henceforth referred to as "PE") brand products only. Contact a representative for more information on products not listed under the PE brand. PE warrants its products for as long as customers own and use the product with normal use and installation in accordance with specifications to be defect-free.

This warranty does not cover damage from misuse, vandalism, modified parts, or damage (e.g. dents, scratches, fading/weathering, and normal wear and tear). The warranty does not cover costs of freight, labor for removal, or installation of repaired/replaced parts. Replacement parts carry the warranty from the date they are shipped. Repair/replacement orders for warranted products will be for the component part only. Contact your PE distributor for a return authorization.

Warranties are limited to repair or replacement of defective parts. A repaired or replaced part is covered only for the original warranty period. All warranties begin on delivery date of the goods AND only apply to end users who purchase new products directly from PE or an authorized distributor. No other warranties apply.

The Limited Warranty for PE shades excludes the following: damage from sources including vandalism, improper installation, misuse, wear and tear from normal use, accidental damage; exposure to extreme weather conditions, damage from salt or chlorine water, sand or other abrasive/corrosive elements; incorrect use, unauthorized repairs or alterations, improper/infrequent maintenance; cosmetic defects such as scratches, dents, peeling/fading finishes; abnormal conditions and contingent liability. The warranty does not extend to damages due to natural weather conditions (e.g. hail, flooding, lightning, tornadoes, shifts of terrain, earthquakes, mudslides, or windstorms.)

In the event of failure, PE reserves the right to change the design, color, or any contributing factor to fix the condition and prevent any recurrence(s). PE may replace or repair any defects in materials. If any modifications, alterations, or attachments are made to the shade product without written consent from the manufacturer, the warranty will be void.)

Limited Warranties

100 Year

- on aluminum/steel posts against structural failure from deterioration, corrosion, or workmanship
- on hardware against structural failure due to deterioration, corrosion, or workmanship
- on post caps/clamps against structural failure due to deterioration, corrosion, or workmanship

15 Year

- on rails, rungs, rigid climbers, loops or decks against structural failure or workmanship
- on HDPE/rotational plastic components against structural failure due to materials/workmanship

5 Year

- on cables/nets against premature wear due to natural deterioration/defects
- on swing set frames
- on PVC coating against cracking/peeling

3 Year

- on blow molded plastics against structural failure due to materials/workmanship
- on shade metal framework
- on shade fabric

1 Year

- on moving parts against structural failure due to materials/workmanship
- on all adult fitness equipment
- on shade structure moving parts, cables, and materials not listed
- on all materials and products not covered above against failure due to materials or workmanship including swing parts and post mount events

Certifications

ASTM INTERNATIONAL

ASTM Standards

Boasting over 12,000 technical standards followed by companies around the world, ASTM International is responsible for developing and distributing safety-oriented protocols. At PlaygroundEquipment.com, we're proud to say that our playground surfacing and equipment meet all relevant ASTM standards.

IPEMA Certified

A member-driven international trade organization, the International Play Equipment Manufacturers Association is responsible for providing third-party certifications for play equipment and surfacing. PlaygroundEquipment.com are proud IPEMA members, and this is just another way we ensure the safety of our product line.

CPSC Standards

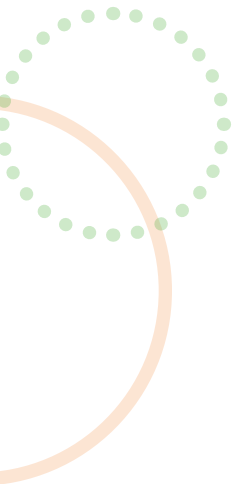

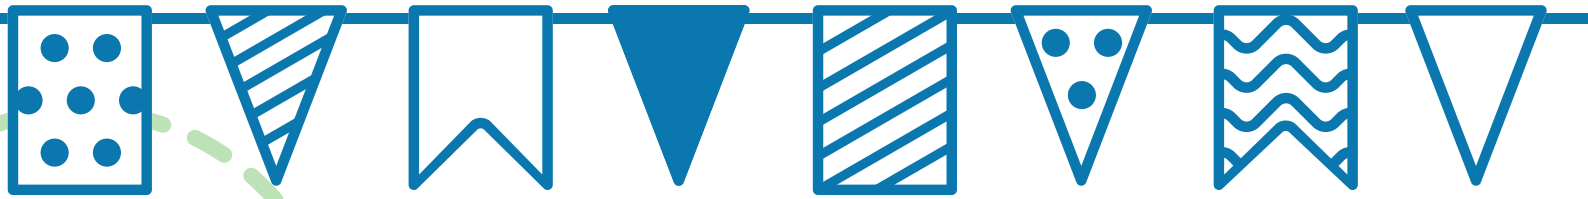

The Consumer Product Safety Commission is an independent agency of the US government that provides up-to-date safety reports on various products. As technology evolves, so too do CPSC regulations, and we go to great lengths to ensure our equipment and surfacing materials remain current with CPSC standards.

CPSI Training

CPSI certification is offered by the National Recreation and Park Association, an independent organization dedicated to parks/playground safety. It provides the most current training and information available regarding playground safety issues, including surfacing requirements and hazard identification.
