WHO WE ARE

At PlaygroundEquipment.com, we provide a better way to play! Founded in 2010, this subsidiary to NVB Playgrounds, Inc. was created to provide a new way to easily purchase playground equipment. Our roots have been online since our inception, allowing easy access to our extensive inventory of products. Our dedicated and knowledgeable staff offers outstanding customer service, professional installation and maintenance, quality products, and high value.

WHAT WE DO

We believe that our equipment is the pinnacle of play. Our products not only demonstrate the highest quality—they are also often the most affordable in the industry. We have streamlined our selling process, and offer a huge array of quick ship play systems and accessories that are available to ship nation-wide. The innovations of our company set us apart from our competitors as we constantly strive to create new and exciting types of play to provide children with more meaningful playtime.

SHIPPING

We create the most immaculate playground amenities and are dedicated to delivering your needs in a timely manner.

Quick Ship items generally are shipped within 3-5 days of your order. Custom structures and amenities are shipped in 6-8 weeks of order.

The majority of our products ship via freight. Replacement parts and swing components can ship through USPS or UPS.

Our products and equipment are packed in crates and delivered to any address via semi truck.

What to Expect

On the day of your delivery, a semi truck will arrive at your stated drop off zone with all equipment packed into a large crate. 2-3 people will be needed in order to unload the delivery truck safely and securely.

Before your delivery driver departs, inspect all contents for any damages, dents, scrapes, or scratches. You should photograph the crate from all angles and report any damage. Sign the receipt and have the driver sign as well.

Report any damage noted on the delivery receipt to our logistics team. Compare the contents of the crate to the included packing list. Report any damage, discrepancies, or missing items within 72 hours of delivery.

For a complete shipping guide and any further information on our shipping policies and procedures, please visit our website at <https://www.playgroundequipment.com/playground-delivery-guide/>

Perhaps the most fundamental aspect of playground planning is having a vision of what it will ultimately look like. While this may seem like a daunting task, our design team is here to help you through every step of the layout and design process.

1. Consider Your Community

It is important to consider the community your playground will serve. Consider the various age groups that will use this space, who will have different needs. Some children may have mobility limitations that should be accounted for. Our ADA-compliant structures and equipment are designed with this in mind.

2. Assess Your Location

Examine your space to ensure that you have selected the safest, most efficient location for your playground. Consider hazards such as retention ponds and busy roads, as well as access to amenities like restrooms and parking lots. Call 811 and map out underground waterlines and utilities before digging.

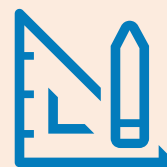

3. Determine Your Budget

Consider the size, surfacing, and anticipated installation costs of your future playground. The typical cost breakdown consists of: equipment (55%), installation (25%), surfacing (7%), delivery (8%), and timbers (5%). On our website, you can find a grant and stimulus guide as well as a fundraising guide.

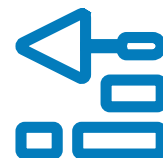

4. Design Your Playground

Using satellite imagery of your location, our design team can craft a bird's-eye view of your future playground, as well as a detailed, 3D representation of what your playground will look like from the ground level. These graphics serve to give you a better understanding of how your playground will look after it's installed.

5. Install Your Playground

For those with sufficient manpower, customer installation allows your organization to take the reins and install the equipment. For those with volunteers who could use some direction, supervised installations are overseen by one of our certified playground installers. Lastly, we offer professional installation, allowing your equipment to be installed by our team.

Playtime in Bloom

Welcome to the Happy Hollow! There is a garden-full of possibilities for little ones in this interactive playhouse. Kids from infants to kindergarteners will enjoy the whimsical, botanical wonder that awaits them. Forest friends hide under leaves, rest on vines and even hang to the side of the cheerfully colored playhouse.

Product Specifications

Age Range:	6 months - 5 years
Unit Size:	5' 7"L x 5' 11"W x 6' 2"H
Fall Height:	18"
Assembled Weight:	285 lbs.
Mounting Options:	Portable, In-ground, Surface
6 - 23 Month Use Zone:	11' 7" x 11' 11"
2 - 5 Year Use Zone:	17' 7" x 17' 11"

QUICK SHIP

Quick Ship Quality

When you need a play system shipped to you fast, you still expect a high degree of quality and convenience! PlaygroundEquipment.com's Quick Ship Program delivers just that and also covers a wide range of sizes and components.

Each one of our playground pieces are made with the impeccable craftsmanship that makes us stand head and shoulders above any of our competitors. Our Quick Ship items ship within 3-5 days of order so the kids of your community can spend more time playing and less time waiting for playground amenities to arrive!

Look for the Quick Ship Logo!

Any product with this logo is a Quick Ship item. It will be available to ship in 3-5 days in select colors. You will find it in Swings and Freestanding Play.

SPARK

Electrified Engagement

Spark play systems provide just the jolt of jubilant joy to jazz up your jumpy juniors.

By far our best value, Spark Play Systems are characterized by their compact design that packs several distinct play elements into one convenient structure. On these structures are plenty of outlets for creativity as well as physical energy.

From rotationally-molded plastic slides to climbers with crazy shapes, there's no shortage of fun to be had with these playground structures. They use commercial-grade 3.5" galvanized steel posts, ensuring loads of fun for years to come.

Why You'll Love It

- Give kids outlets for their energy and creativity
- Slides, panels, and climbers can be swapped
- Multi-leveled play
- Made from sturdy 3.5" posts
- Customize color options with our online color tool
- Aluminum clamps and galvanized steel posts

CASTLE

Play Like Royalty

Made for the most adventurous and imaginative children, Castle Series Play Structures are designed to make kids feel like playground royalty. Castle Series Play Structures boast a wide range of thematic features, from flags that adorn their majestic turrets to climbers that bear the appearance of rugged wood or stone, all of which allow children to envision themselves as the lords and ladies of their own castle.

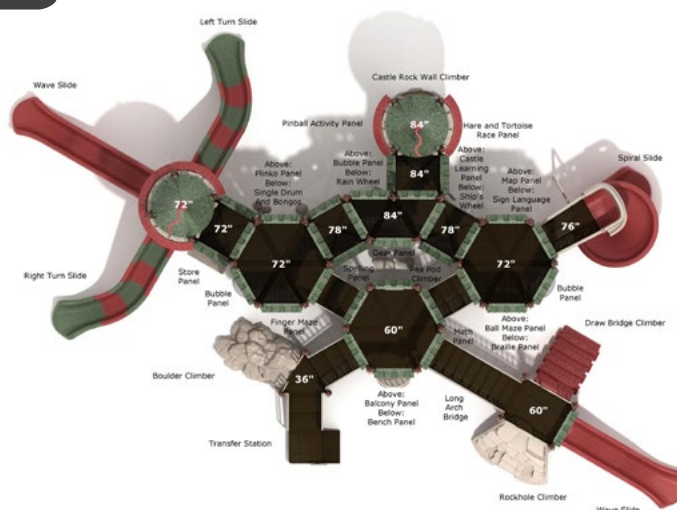

Why You'll Love It

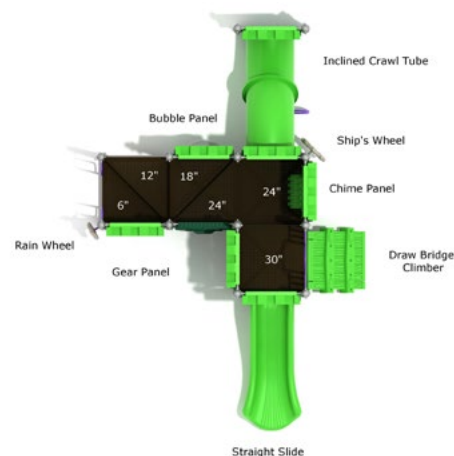

- Over 75 standard designs for all ages and budgets
- Endlessly customizable to suit any play space
- Available in unlimited color variations
- Flag-adorned roofs and brick textures create showstopping themed play
- Ignites creativity and serves as a beacon of fun

FEATURED PRODUCTS

Height: 76"

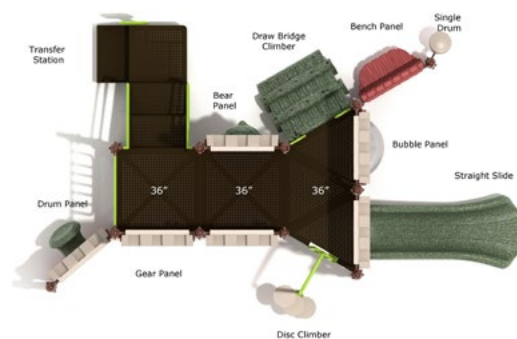

A 3D rendering of a modern, modular playground structure. The structure is composed of various colored panels: bright yellow, light blue, and dark blue. It features a large, curved yellow slide, a smaller light blue slide, and a dark blue slide. The structure includes climbing walls with circular openings, a small bridge-like section, and a platform with a yellow ramp. The entire structure is supported by grey metal poles and has a safety mat on the ground.

MAXIMUM

Maximum Play, Maximum Value

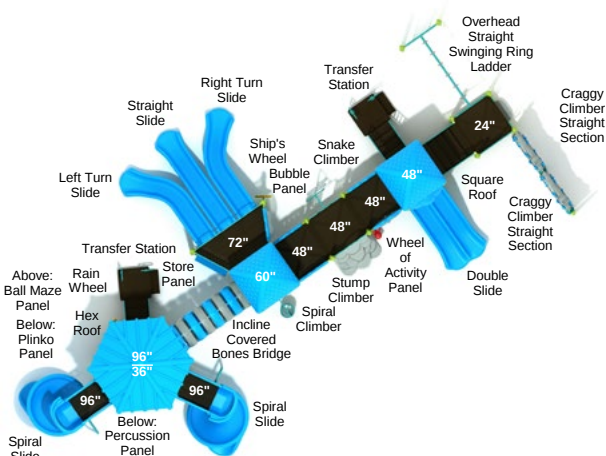

Maximum play systems are jam-packed with exciting features to provide as much excitement as possible. They use wide roofs and platforms, providing plenty of room for slides, climbers, and activity panels. Even on crowded playgrounds, Maximum play systems offer more than enough space for kids to move around and try every activity. No matter what their interests, every kid is bound to find something that they can't help but love on any one of these play systems.

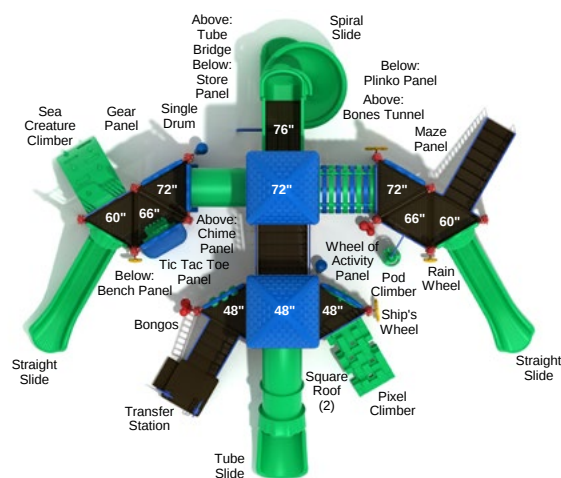

Why You'll Love It

- Replete with thrilling features
- Plenty of room for slides, climbers, and panels
- Made from durable 4.5" posts
- Can handle large play capacities
- Made with wide roofs and spacious platforms

ACCESSIBLE

What is Accessible?

1. Ramps can have a maximum slope of 1:12. For example, to reach a 1' high platform, a 12' long ramp is needed.
2. At least 50% of the elevated play components must be on an accessible route.
3. One or more maneuvering spaces must be provided on the same level as elevated play.
4. Handrails are required on both sides of ramps and must be continuous.
5. Surfacing must be ADA compliant.

Why You'll Love It

- Wide range of accessible playground equipment
- Helps bring communities together
- Can be used by children of all ability levels
- Durable, state-of-the-art equipment
- Made with UV inhibitors that protect the life of the equipment

Fully Accessible Structures must have safe access points for users of all abilities.

Tallgrass Prairie is one of the largest Fully Accessible pre-designed structures. It contains great lengths of accessible elevated pathways connecting the exciting play elements around the expansive play system.

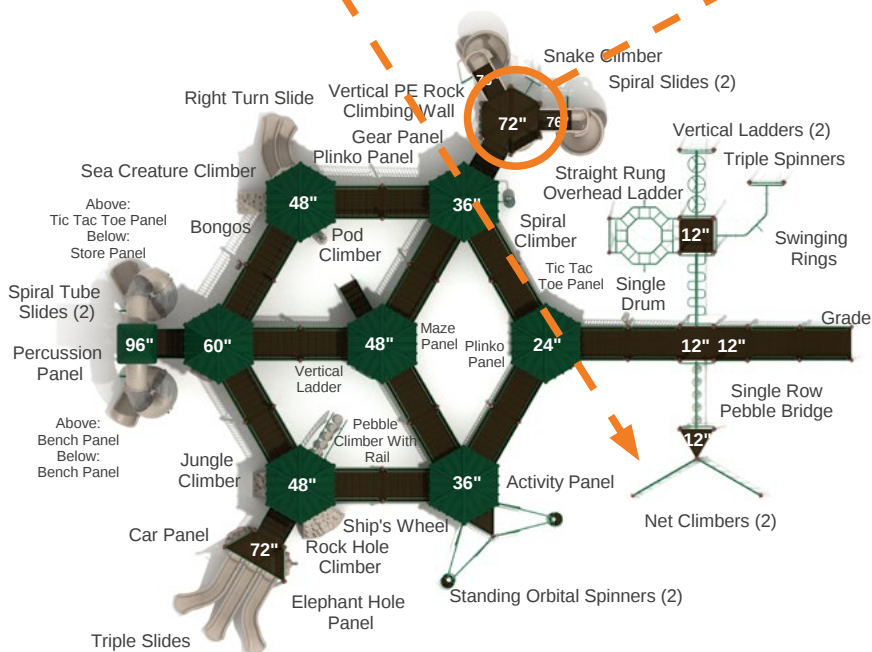

It is vital to maintain the proper ratio of ground level to elevated play components.

A 60+ inch turning circle permits individuals with mobility devices to maneuver the structure.

GET PHYSICAL

Fun with Fitness

Our Get Physical line is characterized by its ability to combine active fun and beneficial exercise into one unforgettable play experience!

Equipped with unique climbers, obstacles, and rings found on few other play systems, Get Physical structures make great additions to playgrounds that could use some structural diversity. Each Get Physical structure includes a wide array of stimulating challenges, including vertical and horizontal climbers.

Why You'll Love It

- Encourages kids to stay active
- Filled with multiple interactive play components
- Includes vertical and horizontal climbers
- Activities to suit individual abilities and talents
- Built with active play in mind

TREE HOUSE

A Woodland Wonderland

Kids can become woodland heroes in their very own forest fortresses with our line of tree house play structures. Full of climbers, activity panels and more, these structures are designed to promote problem solving, social skills, and language in a fun, interactive way.

The themed components and natural elements shape the tree houses into play environments that encourage creativity. Make your tree house unique and create a structure offering something for every kid!

Why You'll Love It

- Treetop settings foster creativity and encourage imaginative play
- Themed components bring elements of nature into play areas
- Made from sturdy 5" posts
- Can handle large play capacities
- Packed with climbing structures, activity panels, and more

FREESTANDING PLAY

Different Ways to Play

From springs and swings to slides and tubes, we offer a wide variety of freestanding play equipment to fit perfectly into your play space, no matter what your needs may be!

There is something for children of all ages in our freestanding play section. Our designs help promote motor-skill development, problem solving skills, and of course, exercise and a healthy lifestyle, all while spending time connecting with friends!

Our freestanding play structures make an excellent addition to any play space, whether big or small, and are sure to bring enjoyment to your playground-goers for years to come.

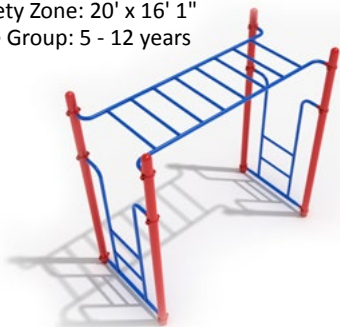

Why You'll Love It

- Many diverse options for different kinds of play
- A perfect fit for any play space
- Inclusive builds and designs
- Allows for motor-skill development
- Helps kids develop problem solving skills
- Aids in the building of muscle as well as weight loss

Straight Rung Horizontal Ladder

PTC001

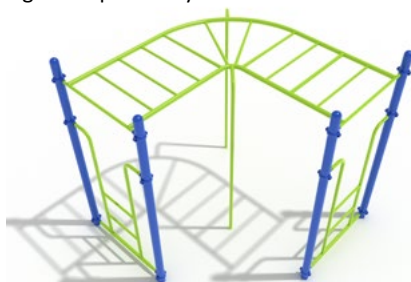

Safety Zone: 20' x 16' 1"
Age Group: 5 - 12 years

90 - Degree Straight Rung Horizontal Ladder

PTC002

Safety Zone: 19' 8" x 19' 8"
Age Group: 5 - 12 years

Curve Rung Horizontal Ladder

PTC003

Safety Zone: 18' 10" x 18' 10"
Age Group: 5 - 12 years

270 - Degree Rung Ladder

PTC004

Safety Zone: 21' 9" x 21' 9"
Age Group: 5 - 12 years

Straight Snake Loop Ladder

PTC005

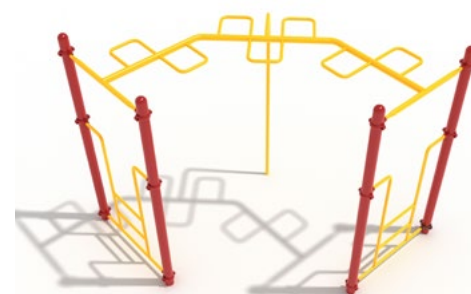

Safety Zone: 20' 1" x 16' 3"
Age Group: 5 - 12 years

90 - Degree Snake Loop Ladder

PTC006

Safety Zone: 20' 5" x 20' 5"
Age Group: 5 - 12 years

Straight Trapezoid Loop Ladder

PTC007

Safety Zone: 16' 3" x 20' 1"
Age Group: 5 - 12 years

90 - Degree Trapezoid Loop Ladder

PTC008

Safety Zone: 19' 11" x 19' 11"
Age Group: 5 - 12 years

Straight Swinging Ring Ladder

PTC009

Safety Zone: 20' x 16' 2"
Age Group: 5 - 12 years

Double Straight Swinging Ring Ladder

PTC010

Safety Zone: 20' x 16' 2"
Age Group: 5 - 12 years

Quintuple Straight Swinging Ring Ladder

SURFACING

No playground is complete without proper safety surfacing, and our high-quality, affordable options are designed to suit your playground's individual needs. From Poured-in-Place rubber surfacing to playground borders, our wide range of industry-standard surfacing solutions accommodate playgrounds of all shapes and sizes. For playgrounds that could use some surfacing variety, our Synthetic Turf is a unique option that offers ample visual appeal. For a more economical option, Wood Fiber Mulch may be the way to go.

- Each length contains 3 holes (1/2" diameter) for easy staking and installation
- Flexible design perfect for unconventional play space shapes

Elastaplay Poured-In-Place

PIP-NVB

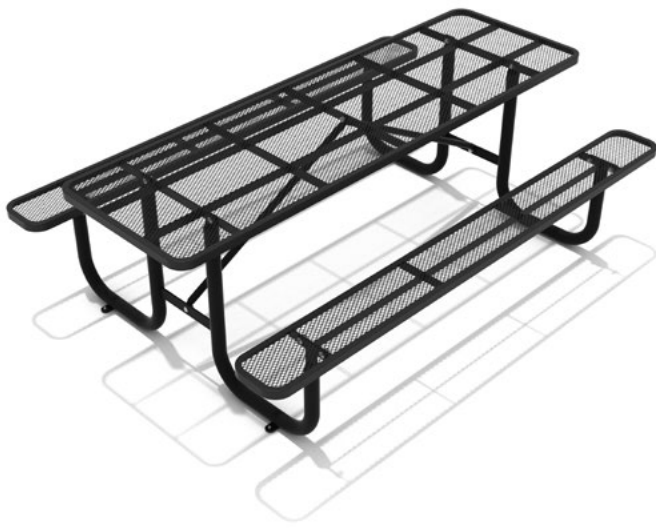

Our Most Durable Surfacing Solution

We're proud to offer a range of industry-standard playground surfacing solutions. Poured-in-place surfacing is designed to improve your playground's visual appeal while helping kids at play avoid injury. By installing poured rubber surfacing onto your playground, you'll be making a valuable investment into the safety of children at play.

SITE AMENITIES

8 ft. Expanded Steel Picnic Table

SKU: PSA001BK
Material: PVC Coated Steel
Mounting: Portable/Surface

6 ft. Expanded Steel Bench

SKU: PSA002BK
Material: PVC Coated Steel

Material: Powder Coated Steel
Mounting: Portable, Surface or In-ground

No play space is complete without practical and comfortable site amenities. We offer a bench, picnic table and trash receptacle with a variety of mounting options. Each unit is coated with a durable finish for an attractive appearance.

WARRANTY

PlaygroundEquipment.com Warranty

This warranty is for PlaygroundEquipment.com (henceforth referred to as “PE”) brand products only. Contact a representative for more information on products not listed under the PE brand. PE warrants its products for as long as customers own and use the product with normal use and installation in accordance with specifications to be defect-free. This warranty does not cover damage from misuse, vandalism, modified parts, or damage (e.g. dents, scratches, fading/weathering, and normal wear and tear). The warranty does not cover costs of freight, labor for removal, or installation of repaired/replaced parts. Replacement parts carry the warranty from the date they are shipped. Repair/replacement orders for warranted products will be for the component part only. Contact your PE distributor for a return authorization.

Warranties are limited to repair or replacement of defective parts. A repaired or replaced part is covered only for the original warranty period. All warranties begin on delivery date of the goods AND only apply to end users who purchase new products directly from PE or an authorized distributor. No other warranties apply.

Limited Warranties

100 Year

- on aluminum/steel posts against structural failure from deterioration, corrosion, or workmanship
- on hardware against structural failure due to deterioration, corrosion, or workmanship
- on post caps/clamps against structural failure due to deterioration, corrosion, or workmanship

15 Year

- on rails, rungs, rigid climbers, loops or decks against structural failure or workmanship
- on HDPE/rotational plastic components against structural failure due to materials/workmanship

5 Year

- on cables/nets against premature wear due to natural deterioration/defects
- on swing set frames
- on PVC coating against cracking/peeling

3 Year

- on blow molded plastics against structural failure due to materials/workmanship
- on shade metal framework
- on shade fabric

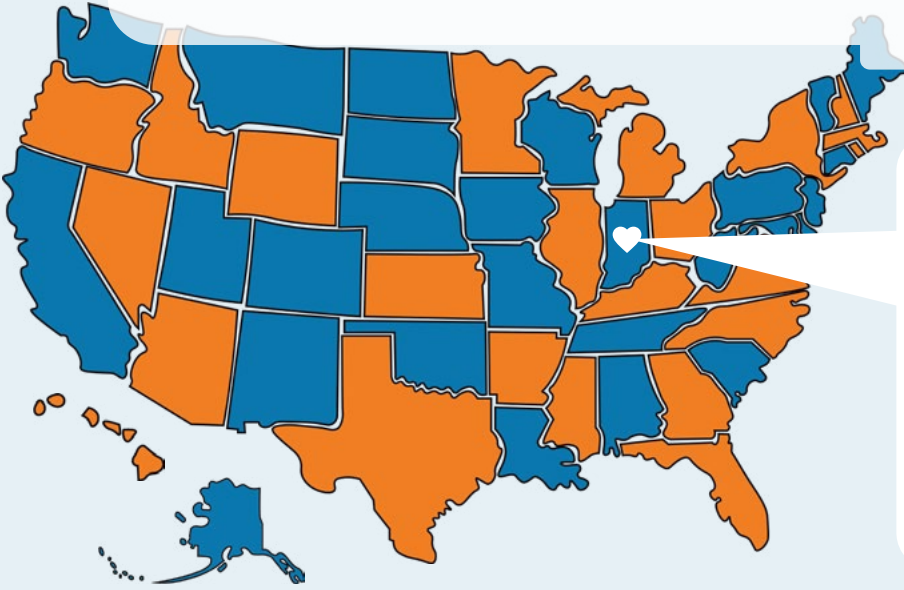

1 Year

- on moving parts against structural failure due to materials/workmanship
- on all adult fitness equipment
- on shade structure moving parts, cables, and materials not listed
- on all materials and products not covered above against failure due to materials or workmanship including swing parts and post-mount events
- thermoplastic and powder-coating on site amenities

LOCAL PARTNERS

Thank You Local Partners!

We owe our continued growth to our dedicated local partners all over the country.

Why You'll Love Them

Community

Our local partners are members of your community. They will understand your needs and be there to support you throughout the planning and buying process. They have a deep understanding of our products and processes and will be a great resource from start to finish and beyond!

Dependability

We are more than a website. Local partners are real people who can make on-site visits or offer virtual help. They can guarantee faster turnaround and service to meet your specific needs. You can depend on them to be there for you!

Trust

We trust our local partners to represent us in their communities and they have delivered outstanding customer service. Thanks to our partners, we've done thousands of projects all over the U.S. They are dedicated to building lasting relationships and you can trust them to bring your playground vision to life!

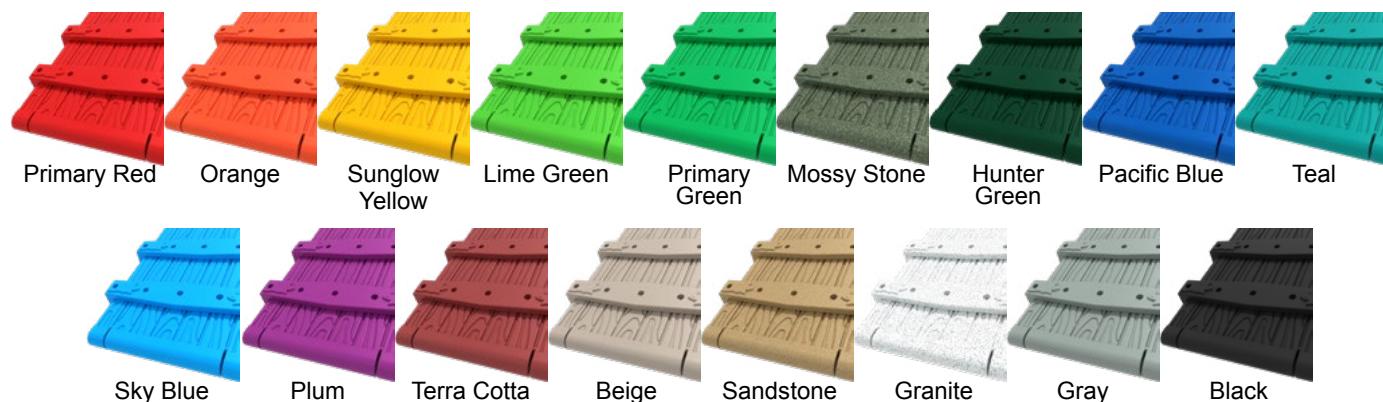

COLOR OPTIONS

Our wide range of color options allows you to make your new play equipment match your existing playground, or to distinguish a play system and make it a playground centerpiece. From posts to climbers to slides, color customization can be applied to just about any aspect of playground equipment, making it easy to find the perfect color combination for your playground.
