

# Why Quick Ship

Family owned and operated since 2006, our mission has always been to maintain the highest quality equipment, the most affordable pricing, and the best customer service in the industry. We're obsessive about making your playground buying experience fast, efficient and fun! We've spent years working with customers from all over the world and realize that sometimes the industry standard shipping timeline of 6-8 weeks can make or break a project. That's why we developed our extensive Quick Ship program: so that you can spend more time playing and less time waiting!

Every item in this catalog is kept in-stock and ships within 3-5 days of your order! We know how important your vision for your playground is and we are here to make it happen. Take advantage of our complimentary consultation, design, and planning resources to make your buying experience as simple and straightforward as possible. Get equipment fast without compromising quality. Our same warranty applies to all products. See link below for more warranty information.

# Quick Ship: By The Numbers

With hundreds of items in-stock and ready to ship, we offer the largest collection of Quick Ship of all industry competitors.

**1-2 weeks**

The average amount of time it takes for your equipment to arrive after order date.

**28**

of our most popular playground designs are kept in-stock and ready to ship!

**30+**

Accessories like swings, climbers, spring bouncers, musical instruments and more

**3.5-inch**

diameter galvanized steel posts and heavy-duty aluminum clamps make our structures safe and assembly a snap!

**2**

Classic color palettes offered for each structure design:  
Primary & Neutral

## What to Expect

We custom build and pack each order in a large open-air crate. You must have 2-3 able bodied people available to unload, often piece by piece.

Each order contains a brown cardboard hardware box that will contain the packing list, assembly instructions and all needed hardware for the job.

Inspect crate for any visible damage and note anything you find on the delivery receipt. Check the contents of your crate against the packing list.

# Playground Buying Made Fast & Efficient

We offer a full range of services that make planning the playground of your dreams easier than ever!

## Planning

Complimentary design services like 3D renderings, equipment layout and overhead site plans make planning a breeze.

## Shipping

Our Shipping & Logistics team pulls and packs each order by hand and ensures it arrives as quickly as possible.

## Installation

To help meet individual project and customer needs we offer two types of installation: Supervised & Professional.

# The Next Generation of Play

The Happy Hollow is the next big thing in play with various play events that will aid in the development of fine and gross motor skills, social skills, auditory and color recognition and so much more!

Weather Resistant

# Borders & Ramps

Quality, affordable playground borders can help make your playground a fun, safe environment for everyone to enjoy.

Playgrounds across the nation are often covered in some sort of loose fill safety surfacing. No matter what type of mulch you have, it needs to be contained. Plastic ParKurb borders help demarcate a play area while maintaining the integrity of the mulch on the playground.

We also offer ramps and other accessories to make play accessible to all!

## Take the Steps to Safe Play

**ParKurb Border**  
#BTB408

12 inch  
OR  
8 inch

A simple flip of the border allows for a textured pebble or wood grain finish.

# Surfacing

SAFE

INCLUSIVE

DURABLE

CUSTOM

Elastaplay Poured-in-Place rubber surfacing is a long-term playground safety surfacing solution. ElastaPlay is a safe, accessible, beautiful and low maintenance surface that safeguards children from falls and impact. It is designed to keep kids happy, healthy, and out of harm's way.

To this end, we have taken the steps of having all of our ElastaPlay products certified by IPEMA. IPEMA only offers certifications to equipment and surfaces that meet rigorous safety standards.

# Playground Planning

Get started on planning your perfect playground with these helpful tips:

## Budget Breakdown

View our online resources such as our Grants & Stimulus Guide and Fundraising Guide for ideas on how to gather funds.

## Consider the Community

Toddlers: 6-23 months old

Preschoolers: 2-5 years old

School-age: 5-12 years old

Consider users of all abilities when selecting location, equipment and surfacing type.

## Location

Carefully examine and measure your space

Consider what is overhead, underground and nearby. Call 811 and map out underground waterlines and utilities before you dig. Consider hazards such as retention ponds and busy roads, powerlines or large trees with hanging branches as you select your site.

## Installation Options

We have installation options to meet every budget, timeline and customer need:

### SUPERVISED

Customer provides all labor and equipment. We send a supervisor to lead volunteers through installation.

### PROFESSIONAL

Equipment is installed by our experienced crew who will provide all tools, laborers and materials.

### CUSTOMER

The customer is responsible for everything from tools to labor & installation.
