

**Meets National Standards for: ✓ ASTM F1487-17 ✓ CPSC Guidelines #325**

### Product Description

This playground has all the bells and whistles! The Santa Rosa is a sprawling, dynamic play structure that's as varied as it is fun. Composed of two engaging sections connected by an Overhead Horizontal Ladder, there's an activity to suit every child's interests. Accessible via Carrot Climber or Vertical Ladder, one platform features a Double Slide. Across the way, the next section is composed of four elevated platforms. On the lowest level, a Net Climber and Transfer Station provide ways onto the structure. On the next level, a Ship's Wheel and Wave Slide allow children to imagine life on the high seas. Up one more level, and kids will engage with the Bubble Panel, Spiral Climber, and Right-Turn Slide. Zip down to the ground level and kids will delight in playing with a Rain Wheel and second Ship's Wheel or create new rhythms with a Single Drum or Bongos. The structure is ADA compliant, thanks to its ground-level activities, and is ideal for children in elementary school.

### Product Specifications

**Price:** \$15,336.<sup>00</sup>

**Model Number:** PKP174

**Age Range:** 5-12 years

**Child Capacity:** 42-49

**Fall Height:** 84"

**Post Diameter:** 3.5-inch

**Product Type:** Spark

**Safety Zone:** 30' 5" x 42' 9"

**✓ ADA Compliant**

<b>Elevated</b>	10 components
<b>Ground Level</b>	4 components
