

### Product Description

The Traditional Camp Grill will ignite fun and help to rekindle patrons' love of grilling outdoors. This is a great way to bring groups of people together to have a great time at your location. This high quality outdoor grill can be used to cook all kinds of food. The grill is coated with a specialized high heat powder coating, which protects it and keeps it looking good even after years of use. The grill has four adjustable heights, so that you can move it closer or farther away from the coals to adjust your heat and cooking time. This grill is perfect for campgrounds, parks, or anywhere else where hungry people might gather to share a meal. The grill is easy to clean, and can be installed with either in-ground or surface mounting, allowing it to be installed on just about any outdoor surface.
